## SKILLS

### KEY SKILLS

- Frontend Development
- Network Engineering

### PROGRAMMING LANGUAGES

- HTML5 • CSS • JavaScript
- TypeScript • Python • Java

### DATABASES

- MongoDB

### FRAMEWORK LIBRARY

- ReactJs • Redux
- Bootstrap • Material UI
- Express • jQuery

### TOOLS TECHNOLOGIES

- Git • GitLab • JIRA
- AWS • Network Automation

### TOOLS PRACTICES

- Agile • Clean Code
- CI/CD

### LANGUAGES

- English • Hindi

## EXPERIENCE

### CAPGEMINI | CONSULTANT

Apr 2023 - Present | Bangalore, India

#### PROJECT : GOLDMAN SACHS

- Leveraged ReactJS to construct a reporting dashboard that seamlessly connects to a ticketing database via an API. This intuitive dashboard effectively presents outage records, categorizing them by severity levels in a user-friendly, consolidated format.
- Designed a user-friendly notification tool GUI using ReactJS, enabling automated email notifications to inform users about service disruptions caused by network changes.
- Teamed up with network engineers to gain insights into tool requirements and user preferences, skillfully transforming their insights into user-friendly interfaces.
- Ensured an organized workflow by utilizing project management tools such as GitHub or GitLab.
- Contributed to team meetings and Agile/Scrum ceremonies to discuss project progress and sprint planning.

### CAPGEMINI | ASSOCIATE CONSULTANT

Jul 2021 - Mar 2023 | Bangalore, India

#### PROJECT : GOLDMAN SACHS

- Understanding repetitive task, problems and working on automating those task/problems to reduce efforts/human errors.
- Automated the process of Daily Wi-Fi checkouts and Mumbai NSE checkouts using Python, leveraging the Netmiko library for network automation.
- Utilized React to craft a user-friendly form GUI, enabling users to seamlessly request VPN connections.

### JUBILANT FOOD WORKS LIMITED | NETWORK ADMINISTRATOR

Aug 2019 - Jul 2021 | Noida, Delhi NCR

- Handling multiple stores (1500+) and giving solutions to improve the Network performance and stability.
- Maximizing network performance by monitoring, troubleshooting various network issues.

### TATA CONSULTANCY SERVICES | NETWORK ENGINEER

Oct 2018 - Jul 2019 | Gurgaon, Delhi NCR

- Monitor network devices and servers to detect and resolve issues before services are impacted.

### WIPRO LIMITED | NETWORK ADMINISTRATOR
